

ASHA KORADA

PROFESSIONAL SUMMARY

Data Analyst skilled in SQL, Python, Excel, Power BI, and Tableau with hands-on experience in analytics projects and industry job simulations. Strong analytical, problem-solving, and communication skills with the ability to deliver actionable business insights.

SKILLS

SQL (MS SQL Server) | Python (Pandas, NumPy, Matplotlib) | Microsoft Excel | Microsoft Power BI | DAX | Tableau

PROJECTS

QUICK COMMERCE CONSUMER INSIGHTS (SQL | POWER BI | EXCEL) [GitHub Project](#) Feb 2026

- Cleaned, organized, and analyzed ~948k transaction records using SQL to assess data quality, identify anomalies, and evaluate sales performance, customer behavior, and operational metrics.
- Conducted exploratory data analysis (EDA) using SQL queries, joins, CTE's, window functions, and aggregations to perform custom analysis, uncover business insights, and generate actionable recommendations.
- Developed an interactive power bi dashboard using DAX, Data Modeling, and KPI visualizations to communicate analytical findings and support data-driven business decisions.

AI IMPACT ON JOBS 2030 (PYTHON | PANDAS | NUMPY | MATPLOTLIB) [GitHub Project](#) March 2026

- Cleaned, explored, and analyzed workforce automation data using Python to identify trends, patterns, and AI adoption across industries.
- Performed exploratory data analysis and developed visualizations to evaluate relationships between salary, education, experience, and automation risk.
- Generated actionable insights and recommendations to support workforce risk assessment and future business decision-making.

VIRTUAL JOB SIMULATIONS

Tata Group Data Analytics Job Simulation (Forage) - GENAI | Data Analytics | EDA June 2026

- Applied GenAI-powered data analytics techniques to assess data quality, identify business risks, and generate actionable insights.
- Conducted exploratory data analysis (EDA) to support data-driven decision-making.
- Proposed a no-code predictive modeling approach aligned with ethical AI principles.

Deloitte Australia Data Analytics Job Simulation (Forage) - Excel | Tableau | Data Analytics April 2026

- Applied data analysis techniques using Excel to organize, analyze, and interpret data, generating actionable business insights in a forensic technology scenario.
- Developed an interactive Tableau dashboard to communicate analytical findings and support data-driven decision-making.

CERTIFICATIONS

- Complete Data Analyst Bootcamp from Basics to Advanced – Udemy Feb 2026

PROFESSIONAL EXPERIENCE

Assistant Professor | 10+ Years (Across Engineering Colleges) | Vishnu Institute of Technology (Autonomous) | Jul 2024 – Present

- Leveraged academic data, prepared reports, and maintained accurate documentation to support academic operations.
- Collaborated with faculty and department leadership while delivering technical sessions and mentoring students.

EDUCATION

M.TECH (DIGITAL ELECTRONICS & COMMUNICATION SYSTEMS)	Sri Sivani College of Engineering - AP	First Class with Distinction	Dec 2014
